We are sorry to say that "Uncle" Man Stone is thought to be suffering from mental depression.

Elder E. W. Marcum filled his regular appointment at the Christian Church Saturday and Sunday.

Our new mill at this place is doing a good business. There is a good opening here for a blacksmith.

The grip has been serving some pretty rough in this section, but not so bad as it did that fellow at Hunt.

On account of snow being drifted on the pike, we failed to get any mail Wednesday, but she came "balling" in Thursday.

All the correspondents of the Winchester papers are aiming to form an association with Dr. Snowden President. We think this a good thing. But how about our neighbor Powell paper? Why not join in with us?

Last week we mentioned that W. R. Matherly was going to move to this place. We thought we had been reliably informed, but it has proved to be a mistake. Charley Crow has rented the John Matherly place and will run a blacksmith shop. Success to you, Charley.

#### THE VICE OF NAGGING.

Clouds the happiness of the home, but a nagging woman often needs help. She may be so run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it and become healthy and happy. Try it. Only 50c. C. C. Lum. & Stave Co. guarantee satisfaction.

### Clay City Lumber & Stave Co.,

CLAY CITY, KY.

Our timber is getting scarce, still those that run it report satisfactory results and continue to keep up the traffic.

Wm. Fielder and — Skinner, of Merritt, have bought 2,600 saw logs from up the river parties to be delivered at the mouth of Red rivir. They received 12 rafts of them Saturday.

Mrs. J. W. Elkin has been with her mother the past week who got her arm broke some two weeks ago. It is now believed by her attending physician that she will get well again.

Dr. Berryman, Alva Stephens and Thos. Clem met one day last week and swapped horses. Now each one is claiming he beat the other out of not less than \$10. We like to hear of general satisfaction from the boys.

Sheriff Garrett and brother were in the Fork precinct last week extending invitations to our boys to be in readiness to attend Quarterly meeting which will convene Monday the 24th. The Fork will show up with a big lot of delegates.

Some few of our neighbor boys are looking for cheap hash & in our neighboring counties until Quarterly court is over. What is left seem to be strict church members. It would be a big job to borrow a pistol to shoot a mad dog with for the next two weeks, and moonshine whisky is a thing of the past.

Uncle John S. Williams has 10,000 young peach trees of nice size and extra quality which he offers to sell at one cent each. Uncle John wants only pay for digging up the rest to be considered a gift to the buyer. We never saw nicer trees bought from any nursery than uncle John has for one cent.

John O. Weathers, of Sams, has arranged with Berryman & Elkin, of this place to order one dozen pair large green spectacles which he intends placing on his cattle. He feels assured that by so doing he can have his cattle to do well on broomsage of which he has a large boundary. Many others are anxiously awaiting the test.

#### WOULD SMASH THE CLUB.

If members of the "Hay Fever Association" would use Dr. King's New Discovery for Consumption, the club would go to pieces, for it always cures this malady, and asthma, the kind that baffles the doctors—it wholly drives from the system. Thousands of once-hopeless sufferers from consumption, pneumonia, bronchitis owe their lives and health to it. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles. 50c, \$1 00. Trial bottles free at Clay City Lum. & Stave Co.

According to the statisticians who keep the run of crime from year to year there were 118 legal executions in the United States in 1901. Of the persons who suffered death 71 were negroes and 47 whites. The number of persons lynched was larger than the number sentenced to death by the courts and afterwards put to death.

### Manufacture of Tobacco.

The manufacture of tobacco is the most important industry in the State of Kentucky. In 1900 337 establishments, with \$9,451,725 capital, employed 5,838 wage-earners, about 10.9 per cent. of the wage-earners of the State, and the product was valued at \$21,922,111, over 14.2 per cent. of the total value of the manufactured products of the State. In 1890 there were 261 establishments, with an aggregate capital of \$4,890,851, employing 5,425 wage-earners, and the production was valued at \$11,321,375. The increase in value or products during the decade was \$10,600,736, over 93 1/2 per cent.

You have good reason to fear an attack of pneumonia, when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens thousands who have used this Remedy for colds and influenza, we have yet to hear of a single case that has resulted in pneumonia, which shows that this remedy is a certain preventive of that dangerous disease. For sale by all dealers in patent medicines.

If a married man would know himself he would get his wife to introduce him.

### A Printer Greatly Surprised.

"I never was so much surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Crook, pressman of the Asheville (N. C.) Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since."

When you go to your postoffice for your mail don't fail to open your letters and papers in the office. Scatter the paper over the floor. When the floor is nicely littered it looks as though Uncle Sam was doing business. Muck it up like your parlor and your kitchen. Then get mad and tear the paper into tiny bits and scatter them about. It tickles the postmaster immensely when sweeping up time comes around.

### Having a Run on Chamberlain's Cough Remedy.

Between the hours of eleven o'clock a. m. and closing time at night on Jan. 25, 1901, A. F. Clark, druggist, Glade Spring, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says: "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by all dealers in patent medicines.

## THE GREAT TONIC LAXATIVE

If you have sour stomach, indigestion, biliousness, constipation, bad breath, dizziness, inactive liver, heartburn, kidney troubles, backache, loss of appetite, insomnia, lack of energy, bad blood, blotched or muddy skin, or any symptoms and disorders which tell the story of bad bowels and an impaired digestive system, Laxakola Will Cure You.

It will clean out the bowels, stimulate the liver and kidneys, strengthen the mucous membranes of the stomach, purify your blood and put you "on your feet" again.
